The 4 years spent at KU were remarkable. As a student of KU, I got to pursue my bachelor's last semester at the prestigious Technische Universität Chemnitz, Germany. I am immensely thankful to all my mentors for the constructive criticism and support they provided me throughout my journey. I will always be a proud KUian.

I got placed in HCL Technologies, before the completion of my BTech degree, through an on campus recruitment drive conducted by CDPC. Thank you KAZIRANGA UNIVERSITY for giving me this opportunity.

Being one of the students from first Bhutanese batch to join KU, I was not sure if my decision was right to join the university. Now I am in 6th semester and I can proudly say I did the right thing by coming here to continue my education. Quality of education provided here is great and the environment is too good. I thank Kaziranga University for making my experience here an excellent one.
